

# Test Proof: Bug #1781 Fix

**Date:** 2026-01-06 **Pass/Fail:** PASS **Bug ID:** #1781 **Epic:** User Registration & Authentication **Description:** T&C validation missing and link broken.

## Test Environment

- **Frontend:** Next.js (Port 3000)

## Test Case 1: T&C Validation

### Description

Verify that the form cannot be submitted if the “Terms & Conditions” checkbox is unchecked.

### Steps

1. The user navigated to /signup.
2. Fill all fields (Name, Email, Passwords).
3. **Do NOT check** “Terms & Conditions”.
4. Click “Get Started”.

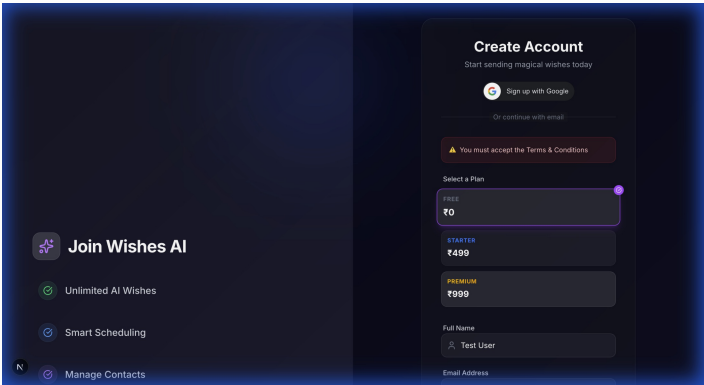

### Expected Result

Error message “You must accept the Terms & Conditions” should appear. Form should not submit.

### Actual Result

Error message appeared as expected.

### Evidence

Validation Error

## Test Case 2: T&C Link Navigation

### Description

Verify that the “Terms & Conditions” link is clickable and navigates to the correct URL.

### Steps

1. The user navigated to /signup.
2. Click the “Terms & Conditions” link.

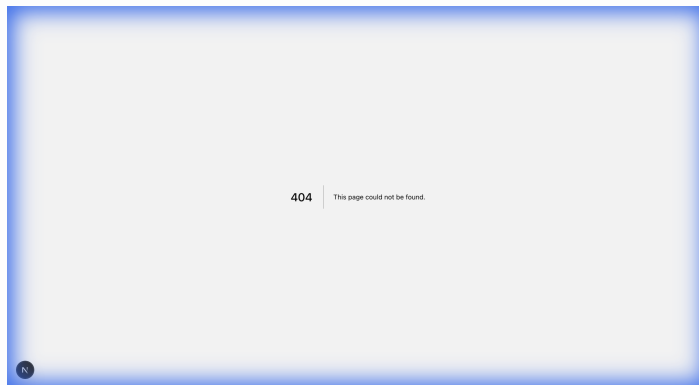

### Expected Result

Browser should navigate to /terms. (Note: page may be 404, but URL must be correct).

### Actual Result

The user navigated to <http://localhost:3000/terms>. (Returned 404 as page is not yet implemented, but link behavior is fixed).

### Evidence

Link Navigation
